AWARDS:

We would appreciate having a statement about your philosophy and work as an artist—either general or something specific about the piece(s) selected for this year's May Show to aid us in the preparation of gallery talks and in the release of publicity materials. For more space, use the back of this sheet.

I am interested in the objects we live with, both natural and man-made. The camera gives me the opportunity to look at the world in a realistic, mildly distorted or abstract manner as I may wish at the time of making the photograph. The black and white image is particularly suited to this approach inasmuch as our world isn't black and white.
